Asia Index Pvt. Ltd. launches BSE India Sector Leaders Index

MUMBAI, January 10, 2025: Asia Index Pvt. Ltd., a wholly owned subsidiary of BSE, today announced the launch of a new index- BSE India Sector Leaders.

BSE India Sector Leaders index is designed to measure the performance of leading companies across 22 sectors in India. The index comprises the top three companies from each sector present in BSE 500.

The index has a base value of 1000, and the first value date is 20th June 2005. It is reconstituted semi-annually and rebalanced quarterly.

Speaking at the launch, Mr. Ashutosh Singh, MD and CEO said, “This index provides a unique opportunity to take an exposure to the overall India growth story. The construct ensures the inclusion of leading companies across sectors by implementing a balanced weight mechanism with a floor of 1% and ceiling of 5% at a company level. This in turn helps to achieve a robust representation of India’s sectoral leadership while ensuring diversification and stability.”

This new index can be used for running passive strategies such as ETFs and Index Funds as well as gauging the performance of various sectors in India. It can also be used for benchmarking of PMS strategies, MF schemes and fund portfolios. Investors can now access a broader spectrum of market opportunities, further enriching their investment strategies with this latest addition to BSE's suite of indices.
